

Claire and Stephane,

We would like to say a HUGE thank you for your help in organising our amazing wedding. Thank you for being our eyes and ears, thank you for thinking for us on the day and practicing with us walking ;-), thank you for making happen every single request doesn't matter how complicated or late it was. Throughout the whole process you filled us with confidence that all is going to be amazing and it was. Thank you for making our dream reality. All our guests thought that you created an unforgettable fairy-tale atmosphere and we could not have had a more perfect location and more perfect celebration. THANK YOU !

I have attached a few pictures from the event. We have lots more so if you would like to use any for future advertising you are most welcome. Just let us know and we can share with you higher resolution pictures.

1000 thanks again and all best wishes,

Beata and Paul
